U.S. ARMY SUSTAINMENT COMMAND

405TH ARMY FIELD SUPPORT BATTALION - BENELUX

AFSBn-Benelux, headquartered at Eygelshoven, Netherlands, is one of the four battalions of the 405th Army Field Support Brigade.

AFSBn-Benelux provides mission command of Army Prepositioned Stocks-2 (APS-2) operations at Eygelshoven, Netherlands and Zutendaal, Belgium.

The battalion is charged with providing and coordinating receipt, transfer, storage, and maintenance of APS. This enables commanders to conduct unified action and perform a full range of military operations in support of U.S. Army Europe and Africa (USAREUR-AF).

APS-2 Eygelshoven houses multiple unit sets provides 450,000 square feet of climate-controlled warehouse space (nine warehouses), as well as 71,894 square feet of hardstand storage to hold and maintain equipment designated for an armored brigade.

APS -2 Zutendaal is set up to hold and maintain equipment designated for a sustainment brigade and encompasses 861,000 square feet of climate-controlled warehouse space (26 warehouses) as well as 5,381,000 square feet of parking and staging area to include 1,345,000 square feet of hardstand storage.

Both APS-2 sites are part of the European Reassurance Initiative and facilitate the United States Army's strategic response capabilities.
