

Convert Your USAREUR License into a German Driver's License

Did you visit your local KFZ – Zulassungsstelle (this is the German department of motor vehicles)?

You must visit this local office to request a conversion and obtain information on what documents they require. Understand that this decision is entirely a local national one as the US has no authority in this matter. If your request is accepted, you need an authorization memo.

You can obtain the authorization memo from the Registry of Motor Vehicles customer service department:

E-mail: usarmy.sembach.usareur.list.rmv-cust-svc@army.mil

Phone: 0611-143-542-2024 or x2027

DSN: 542-2024/2027

You must also pay a \$30 fee per memo.

Once you receive your authorization memo, return to the KFZ – Zulassungsstelle office and they will issue you your German Driver License.
